- Gulf Atlantic Anesthesia Research Conference May 3-5, 2020 Clearwater FL

Jacksonville Pediatrics Rotation Launched

On July 29, 2019 we officially started our Jacksonville Pediatrics rotation with Reena John (CA3) being our first resident on the rotation. This is a four-week Advanced Pediatric Anesthesia rotation with our residents rotating through both Wolfson Children's Hospital and Nemours Children's Specialty Care Hospital. This will give our residents both an increased volume and complexity of pediatric cases, working with additional pediatric fellowship trained attending. Additionally, they will work with residents and fellows from both Jacksonville (UF and Mayo clinic) training programs .

Special thanks to Dr. Gianella Russo for helping to make this happen. As a previous pediatric fellow from that program she helped tremendously. Thanks to Reena John for accepting the challenge of being first resident on the rotation. Additionally, thank you to Belinda and Oz for all the behind the scenes work to get this accomplished

Two of Seven 2019 FSA ASA Resident Delegates from Kendall

Drs. Sharlene Lobo and Catalina Carvajal were selected by the FSA as 2019 ASA Resident Delegates. The FSA only has 7 ASA Resident Delegates in total, having 2 selected from our program is a great honor.

ASA LifeBox Resident Challenge in Full Swing

The 2019 ASA LifeBox Resident Challenge is underway with residency programs competing to raise the most money overall and per resident. Please support this worthy cause and our residents. In the past we have come in 2nd place twice. We will have a fundraising event on 9/7 details on page 2 of this Newsletter.

Residency recruitment and MATCH season starts Sept. 15

Sept 15 marks the beginning of the recruitment season for our next class of residents with the opening of ERAS. There is a lot of work to be done both during interview season and in the next month to prepare if you would like to be involved in our RISE (Recrtuitment, Interview, Selection, and Engagement) committee (or any of our other committees) please let me know.

FSA makes an impact at the FMA Annual Meeting

The FMA Annual Meeting was held August 9-11 in Orlando, FL. The FSA had a noticeable presence with having an FSA written resolution accepted and raising the 3rd most money among specialty societies for the FMA PAC.

Two of the FSA delegates were our own, Drs. Leopoldo Rodriguez and Nicholas Nedeff.

Resident Access to Faculty Lounge Removed

With access to the "Physicans Lounge" being removed, we are exploring having food for the residents brought to the Anesthesia Lounge starting within the next week to remedy the limitations with access to food.
